

## Fall 2022: CS4644/7643 Project Milestone Grading Rubric

The grading rubric is out of **50** points.

**Formatting:** *Extra points will be deducted for not using the CVPR template.*

**(2 points)** No major grammar/style/formatting issues

**(2 points)** Within the page limit

*(clarification, the page limit is 3 pages. Figures included in the report won't be counted towards the 3 page limit. But the full length of the report should not exceed 4 pages (excluding references))*

**(2 points)** Used CVPR template

**Introduction:** *this section introduces your problem, and the overall plan for approaching your problem.*

**(2 points)** Clearly introduces the problem

**(2 points)** Clearly articulates the inputs and outputs

**(2 points)** Clearly explains why the problem is important

**(2 points)** Clearly states the goal to accomplish

**(2 points)** Contains a survey of related works (3+)

**(2 points)** Demonstrates in-depth knowledge of related works (3+)

**Technical Approach:** *Describe the methods you intend to apply to solve the given problem.*

**(4 points)** Clearly specifies a concrete technical approach for the stated problem

**(4 points)** Contains enough technical detail to implement the proposed approach

**(4 points)** Describes a baseline method for the stated problem

**(4 points)** Specifies evaluation procedure and concrete metrics

**Intermediate/Preliminary Results:** *State and evaluate your results up to the milestone.*

**(2 points)** Specifies a data collection pipeline or established dataset to use for the stated problem

**(4 points)** Evaluate reasonable baseline method according to the proposed metrics

**(4 points)** Presents preliminary results on the proposed method that are better than the baseline **OR** shows significant effort in data preprocessing **OR** shows significant effort in baseline implementation and analysis

**(6 points)** Includes results shown in figures/tables (for learned model or data processing pipeline)
